2nd SUNDAY OF EASTER

—Worship—

Stump the Deacon!

**What is the difference between a Parochial Vicar and an Assistant Pastor?**

I have it from a reliable source that “Parochial Vicar” is the official Legal term for the colloquial terms Assistant or Associate Pastor commonly used here in the United States. The question came up because this is the time of year when the new appointments and re-assignments are announced. In the Baton Rouge Diocese pastors are appointed to 6 year terms but may stay at an assignment for up to 12 years and then they must be transferred. Associate Pastors can be moved at any time as the need arises. Permanent Deacons are not transferred as often because of the additional considerations such as where they live and work and their family commitments. All clergy serve at the will and pleasure of the Bishop and assignments are based on the needs of the Diocese and the individual parishes and, of course, the charisms of the person. These decisions are certainly not arbitrary and much thought, discussion and discernment goes into the process, just ask Fr Frank.

CONSIDERATION OF OUR CHRISTIAN COMMITMENT: EASTER

As we continue through this Easter Season we have the opportunity to reflect on so many wonderful aspects of our Easter Lives. Certainly one of the important aspects of that life is the Mercy of God. This Second Sunday of Easter is also known as Divine Mercy Sunday. In the Gospel today, Jesus calls his disciples to share his mercy. The message of The Divine Mercy is simple. It is that God loves us – all of us. And, he wants us to recognize that His mercy is greater than our sins, so that we will call upon Him with trust, receive His mercy, and let it flow through us to others. Thus, all will come to share His joy.

The Divine Mercy message is one we can call to mind simply by remembering ABC:

- A - Ask for His Mercy. God wants us to approach Him in prayer constantly, repenting of our sins and asking Him to pour His mercy out upon us and upon the whole world.
- B - Be merciful. God wants us to receive His mercy and let it flow through us to others. He wants us to extend love and forgiveness to others just as He does to us.
- C - Completely trust in Jesus. God wants us to know that the graces of His mercy are dependent upon our trust. The more we trust in Jesus, the more we will receive.

As we celebrate this Year of Mercy, this Sunday is a good day to remember and give thanks for the mercy we have received – from God and from others, and to pray that we, in our own unique ways, can share that mercy as only we can.

As we moved into Holy Week and Easter, we celebrated the Feast of St. Joseph and enjoyed the wonderful St. Joseph Altar and Dinner prepared by the Friends of St.

of the Altar. Photographed with the Holy Family and other

participants were Rosie Moak who coordinated the cookie baking, food preparation and so many other aspects of the celebration; and Mary Guzzardo, whose husband Sam had worked for years with the Altar which was dedicated in his

memory this year. Mary and Sam’s family gathered around Sam’s Memorial Table as the day progressed. We thank all who worked on the altar, who baked and prepared cookies for months, to the K.C.’s and all who participated in the

Joseph. Serving as the Holy Family this year were Lauryn Gibson, Hunter Hamilton and Jay Easley. We celebrated a special Eucharist in honor of St. Joseph on Friday evening and after went for the blessing.

Eucharist and following day’s activities. Most of the workers are photographed above. Over 625 people were served dinner on Saturday.

I would like to call your attention to a request on page five of the bulletin. It might be especially meaningful to parents and others who have the “empty nest syndrome.” It’s an opportunity to help sponsor some of our youth in their summer youth activities. More on page 5. Have a good Easter Season; Love,

*John H.*

## —Formation—

**Rite of Christian Initiation of Adults**

It is impossible to contain the joy of our new Catholics, their godparents and sponsors, the RCIA team, and the parish clergy during and after the marvelous events they have experienced and witnessed at the Easter Vigil. The graces received from the Easter mysteries propel the new Catholics into the final period of catechesis, called “Mystagogia.” The fifty days between Easter and Pentecost are marked by weekly gatherings of our “new” Catholics or NEOPHYTES (newly enlightened), and through continued catechesis and full participation in our Sunday celebrations, they will come to experience the joy of fully being a part of the Christian community.

We know that all the adults and children will be a beautiful asset to our church community as they join us to share their God-given talents and gifts. Please help us to give them a warm and loving welcome!

\*Name omitted from last week’s Grapevine: Nicholas Clayton Bauder who received First Eucharist at the Easter Vigil. Congratulations!

**Just a Word on Meningitis**

For most of us, hearing the word Meningitis is scary. It can be deadly. In recent years we have heard it associated with outbreaks in schools and colleges. The good news is that with the Meningitis vaccine cases are down.

Just a few facts: In the US 600-1000 cases of bacterial meningitis are reported yearly. 90-150 people die from the disease and 1 in 5 have permanent disabilities. People age 11-24 account for 24% of the cases.

There are three types of Meningitis: bacterial, viral and fungal. Fungal is very rare.

Viral Meningitis is more prevalent than bacterial. This form of meningitis is usually mild and often clears on its own. More cases occur in the late summer and early fall. Usually a cold or other virus illness precedes the meningitis. Bacterial Meningitis is caused by bacteria entering the blood stream and migrates to the brain and spinal cord. It can also result from an ear/sinus infection or skull fracture. This form is more dangerous and can lead to death or permanent disability.

Signs and symptoms to be aware of:

- \*Sudden high fever
- \*Severe headache that isn't easily confused with other types of headache
- \*Stiff neck
- \*Vomiting/nausea
- \*Confusion
- Seizures
- Sleepiness
- Sensitivity to light
- Lack of interest in eating/drinking

If someone shows the symptoms marked with a \* above, seek medical attention immediately. Viral meningitis may improve without treatment, but bacterial meningitis is serious and can come on very quickly and require prompt antibiotic treatment to improve the chances of a recovery. There is no way of knowing what kind of meningitis someone has without testing.

The good news is that we now have a vaccine to prevent meningitis. Children are first immunized at age 11-12 and receive a booster at 16-18 years of age.

Other things you can do are good handwashing, not sharing food/drink with anyone, stay healthy by getting enough rest, exercise, healthy foods and cover your mouth when you sneeze and cough.

*Seek counsel from every wise person and do not think lightly of any useful advice. Tobit 4:18*
